Milestone Husky M10

Plug-and-play, walk away

It's that easy

Our small and sleek NVR is preinstalled with Milestone video management software for efficient performance and reliability. Ideal for entry-level video surveillance, it can be set up in minutes to instantly access live and recorded video from any Internet-enabled device. No training required.

Easy to set up and operate

Plug in Milestone Husky M10 and within minutes, you're up and running. Features include automatic camera discovery, configuration wizards and an intuitive interface.

Helping you do more

Benefit from features such as built-in motion detection and user management capability, which enable you to control the administration of multiple system operators.

Viewing clients

Access your system remotely via XProtect Web Client or get on-the-go surveillance with Milestone Mobile.

Entry-level surveillance functionality

Stream live video from all cameras in one viewing interface and enjoy simple view and playback. The NVR allows for easy export of forensic evidence and investigation and includes PTZ controls.

Scalability with Milestone Interconnect

Easily connect multiple Milestone Husky NVRs for unlimited scalability and cost effectiveness. Plus, you can create simpler solutions at remote sites, while taking advantage of XProtect Corporate premium features from a primary central location.

Product specifications

Camera channels	8
Dimension	200(W)x200(D)x45(H) mm
CPU	ATOM
Memory on board	4GB
Storage	1TB
Operating system support	Linux
Power Input	60W / 100-240V
Maximum number of users	6
Dual network interface cards	Yes
Rear System I/O2	2 x GbE, RJ45 , 4 x USB 1 x DVI / 1x HDMI
Environment operation temperature	0~40°C
Codecs supported	H.264, MPEG-4, M-JPEG
Certificates	CE, FCC, UL
Storage Temp:	-20°C ~70°C

Product highlights

One-way audio support	Yes
Supports ONVIF cameras	Yes
Pan-tilt-zoom (PTZ) support	Yes
Milestone Customer Dashboard	Yes
XProtect Web Client	Yes
Milestone Interconnect	Yes
Included three-year Software Upgrade Plan	Yes
Included hardware warranty	Yes

Milestone Husky M30

Ready to take off

Geared up for emerging needs

Designed for workstation installations with comprehensive surveillance needs, the Milestone Husky M30 NVR is preinstalled with XProtect video management software and compatible with third-party integrations. Customize to fit your budget and scale up as your business grows.

Comprehensive interactive monitoring

Benefit from interactive and multi-layered maps, integrated Alarm Manager, advanced video search tools and multi-channel two-way audio for message broadcasts or direct communications.

Easy to deploy and expand

Install simply and quickly with configuration wizards and automatic camera discovery. You can also connect multiple Milestone Husky NVRs for increased efficiency and cost effectiveness.

Helping you do more

Access video remotely for faster response to incidents. Features includes built-in motion detection and dual/independent, configurable video streams to help optimize servers and network infrastructure.

Support and warranty

The Milestone Husky series includes a three-year Software Upgrade Plan (SUP) and a three-year hardware warranty. Customers receive additional support via the Milestone Customer Dashboard - an online system monitoring service that enables resellers to keep track of real-time technical incidents in the system and proactively solve issues.

Product specifications

Camera channels ¹	10 / 20
Dimension	30(W)x30(D)x9(H) cm
CPU	i5 or i7
Memory on board	4GB – 16GB
Storage	2TB – 4TB
Operating system and VMS	WE57, XProtect
Solid state drive	32 GB for VMS and OS
Maximum power consumption	68.8W, 24V DC input
Power Input	200W / 100~240V
Environment operation temperature	0~40°C
Number of supported servers	Unlimited
Maximum number of users	Unlimited
Dual network interface cards	Yes
Certificates	CE, FCC, UL
Storage Temp:	-20°C ~70°C

Product highlights

Supports all XProtect clients	Yes
One-way and two-way audio support	Yes
Multiple video export formats	Yes
Video Push	Yes
Smart Search	Yes
Alarm Manager	Yes
Milestone Interconnect	Yes
XProtect add-ons and third-party applications	Yes
Milestone Customer Dashboard	Yes

Milestone Husky M50

Feature-rich with unlimited capabilities

The sky's the limit

Introducing Milestone Husky M50 – our premier, rack-mounted solution combining high-performance, industrial-grade hardware with preinstalled XProtect video management software. Feature-rich with unlimited options, the model is perfect for advanced installations with sophisticated surveillance needs.

Advanced interactive monitoring and graphical overview

Get a graphical overview of your surveillance installation with interactive and multi-layered maps. Alarm Manager map integration offers a consolidated overview of system alarms. Also includes advanced video search tools and multi-channel, two-way audio.

Simple to set up and scale up

Follow the configuration wizard and set up with just a few clicks. You can add devices with automatic camera discovery while unlimited servers maintain system performance. Scale up by connecting multiple Milestone Husky NVRs.

Greater efficiency and management

Remote access, built-in motion detection, and dual/independent, configurable video streams - features that add convenience and help optimize servers and network infrastructure.

Support and warranty

The Milestone Husky series includes a three-year Software Upgrade Plan (SUP) and a three-year hardware warranty. Customers receive additional support via the Milestone Customer Dashboard - an online system monitoring service that enables resellers to keep track of real-time technical incidents in the system and proactively solve issues. Lastly, the Milestone Husky M50 exclusively offers optional RAID storage.
