

# milestone HUSKY™ SERIES

*Video surveillance your way*

## Milestone Husky™ M30

### Ready to take off

#### Geared up for emerging needs

Designed for workstation installations with comprehensive surveillance needs, the Milestone Husky M30 network video recorder (NVR) is preinstalled with XProtect® video management software and compatible with third-party integrations. Customize to fit your budget and scale up as your business grows.

Milestone Husky M30 is compatible with thousands of cameras, XProtect® add-ons (ex. POS and ATM video integration with XProtect® Transact) and third-party integrations (ex. video analytics). It also supports Milestone services such as Customer Dashboard to enable your installer to monitor the health of your system and proactively resolve technical issues. Milestone Husky M30 makes it easy to choose options for your customized configuration!

*Now with more storage  
for extended video retention  
and recording!*

#### Comprehensive interactive monitoring

- ✓ Interactive and multi-layered maps provides a graphical overview of the surveillance installation for prompt response
- ✓ Alarm Manager is integrated with the map function for a consolidated overview of security and system alarms
- ✓ Advanced video search tools quickly locate recordings for use as high-quality evidence
- ✓ Multi-channel, two-way audio for message broadcasts or direct communications

#### Easy to deploy and expand

- ✓ Configuration wizards guide users through installation process with just a few clicks
- ✓ Automatic camera discovery detects and configures any newly added cameras
- ✓ Unlimited servers maintain system performance when adding additional devices to the installation
- ✓ Connecting multiple Milestone Husky M30s and M50s makes surveillance solution scalable

#### Helping you do more

- ✓ Access video remotely for faster response to incidents
- ✓ Built-in motion detection
- ✓ Dual, independent, configurable video streams to optimize servers and network infrastructure

#### Support and warranty

- ✓ 3-year Software Upgrade Plan (SUP) included
- ✓ Supported by the Milestone Customer Dashboard, an online system monitoring service that enables resellers to keep track of real-time technical incidents in the system and proactively solve them before they become a problem to the end user
- ✓ 3-year hardware warranty

Features and Specifications		Description
Form factor		Workstation
Dimensions		30(W)x30(D)x9(H) cm 11.8(W)x11.8(D)x3.8(H) inches
CPU		i5 or i7
Memory		4GB-16GB
Storage		2TB-12TB
Maximum power consumption		68-74 watts <i>(configuration dependent)</i>
Power Input		200W / 100~240V
O/S and video management software		WES7, XProtect®
Solid state drive		32 GB for VMS and O/S
Number of cameras <sup>1</sup>		Base configurations 10/20, max 30 <i>(video stream dependent)</i>
Number of supported servers		Unlimited
Maximum numbers of users		Unlimited
Dual network interface cards		Yes
System I/O	Rear I/O	2 x GbE, RJ45
	Expansion	4 x USB 3.0 1 x DVI / 1x HDMI 1 x Line-out / MIC-in / Line-in 3 x COM ports
Environment		Operation Temp: 0~40°C Storage Temp: -20°C ~70°C
Certificate		CE, FCC, UL
Accessory		1x DVI to VGA connector
Multiple video export formats		Yes
Video Push Support		Yes
Software Upgrade Plan (SUP)		3-year included
Hardware Warranty		3-year included
Supports Milestone Mobile		Yes
Supports XProtect® Web Client		Yes
Support XProtect® Smart Client		Yes
Smart Search		Yes
Alarm Manager		Yes
3rd-party application support (Ex. video analytics, data storage)		Yes
Archiving to network storage		Yes
Map function		Yes
One-way audio support		Yes
Two-way audio support		Yes
Supports ONVIF cameras		Yes
Codecs supported		H.264, MPEG-4, M-JPEG
Pan-tilt-zoom (PTZ) support		Yes
Microsoft Active Directory support		Yes
Milestone Interconnect™ support		Yes
Customer Dashboard support		Yes

<sup>1</sup> Single camera add-ons available.

Product specifications subject to change without notice.

## Specification Summary

Cameras	CPU	Storage	RAM	CODEC	OPERATION
10 / 20	i5	2 / 4 / 8 / 12 TB JBOD	4 GB	H.264	24 Hours

## Performance

Resolution	FPS	Record Always	Record Motion 40%	Local Smart Client
		10 cameras   20 cameras		
1280x720	25	8   7 Days	19 Days	10 Cameras (10 fps @ 720p)
1280x720	10	9 Days	23 Days	
1920x1080	10	4 Days	11 Days	
2048x1536		3 Days	7 Days	

## Back System Configuration

\* To use the VGA port, you must attach the provided adapter.

\*\* IMPORTANT: Use a network computer remotely for ongoing operations. Only connect directly to a monitor for trouble-shooting.
